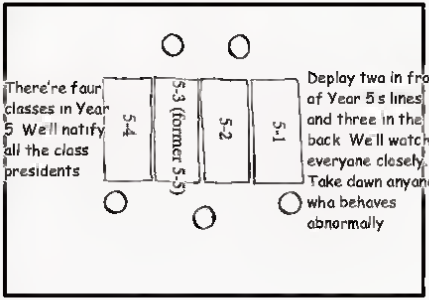
We must be on guard against former 5-3 students making a fuss in their four new classes
The entire school stand in lines to welcome them in the campus?
I wonder if we can control them

But not everyone in their class is going to riot
Just the Valiant Eight and some major leaders

When Ling comes back from the radio station, I'll have her tell us who they are
How are we going to watch them later?

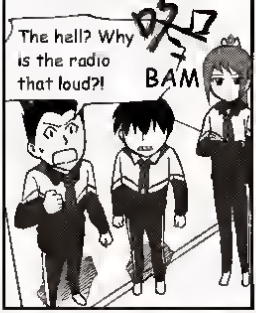
Um...



There're four classes in Year 5. We'll notify all the class presidents
5-4
5-3 (former 5-5)
5-2
5-1
Deploy two in front of Year 5's lines and three in the back. We'll watch everyone closely. Take down anyone who behaves abnormally

U17.com

It's not reliable, we have far too few hands
Yeah
But whatever, we'll do our best
Let's go, one more patrol and we'll go to Year 5
It's no easy task they're now in red armbands
Are they coming towords us? Damn
.....
You Valiant Eight shall remain inactive now
Huh?
We won't to fight!
Yes! Even if we can't rush to assessment groups place, we can still shout in the lines!
Indeed! We can make a fuss by that!
BAM
BAM



The hell? Why is the radio that loud?!
BAM
BAM
BAM
Ling, could it be too loud?

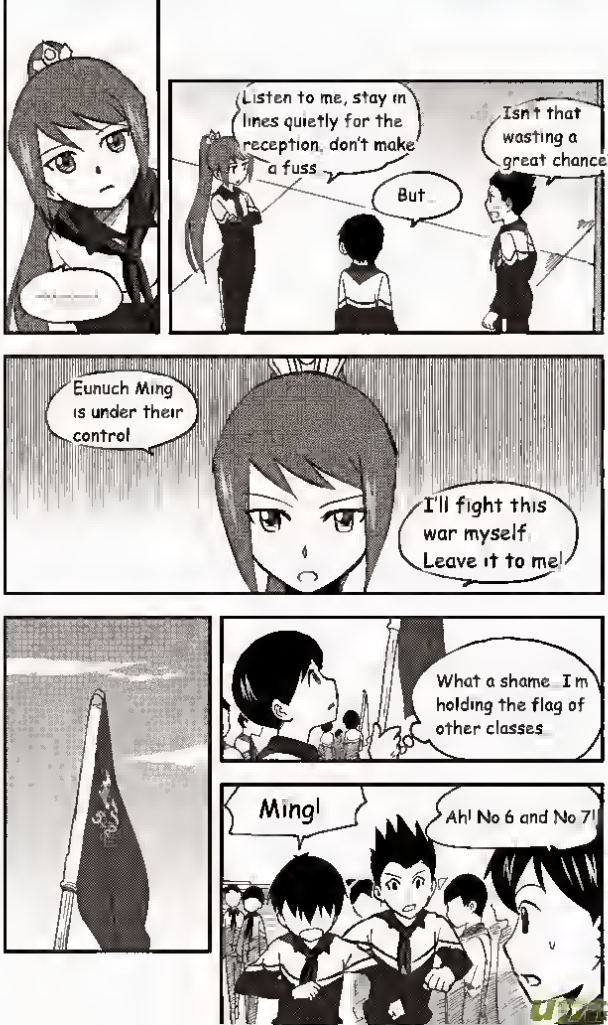
Not at all
I'd like it even louder

Everyone, please shout the welcome slogan with the loudest voice later!
And please jump and clap to show your hospitality!
Wow!
It's the Council President!
We'll do our best!

Today's a big day, is it safe to leave the radio station to students?
Trust Ling

Loud music with crazy crowd
Your actions would go unnoticed
That's also within the council prez's calculation? What a psycho!

U17.com



Listen to me, stay in lines quietly for the reception, don't make a fuss
But
Isn't that wasting a great chance?
Eunuch Ming is under their control
I'll fight this war myself Leave it to me!
What a shame I'm holding the flag of other classes
Ming!
Ah! No 6 and No 7!

Huo asked us Valiant Eight, Bro Jun and you to stay in line, attracting the attention of Five Rats
Eh? Her Majesty wants ta act alone?
She just asked us to find the wild girl far help
But I've already planted the bomb on the rooftop, haw about you take the key
Na need, Hua said as long as she succeed this time, we won't need ta da anything
If she failed, your bomb can be used for the art performance in the afternoon
Yeah! You are the backup plan!
Your Majesty, are you taking this all by yourself...?
Hey! Which class are you from? Go back in lines!
Come, former 5-3 students stand in the front
It's true that class 2 prez is trying to control us
Yes, but she doesn't know the details. She's just taking precautions

What's wrong with you, are you still sleepy?
I told you I didn't sleep well
Sleepy
Look at you
This guy is always with Sis Ling
She is not likely to go against her
Fine, you'll stand in the back
Why?
You're not looking good for our class
How bothering

We're leaving!
